Vision & Mission

- Alcon®'s vision is to be the trusted leader in the Optical business
- Our mission is to continuously find new ways to improve vision and the lives of people.

What is Alcon® Scholarship?

- Alcon® Scholarship is an international education program with renowned specialists within optometry.
- The program is designed for the student to develop and be inspired on both a personal, clinical and commercial level.
- A two year course of 5 touch points, each of two days duration.
- 4 of the touch points will take place at Alcon® Academy, Surrey, UK
- 1 touch point will be at another European Alcon® location

Who can participate?

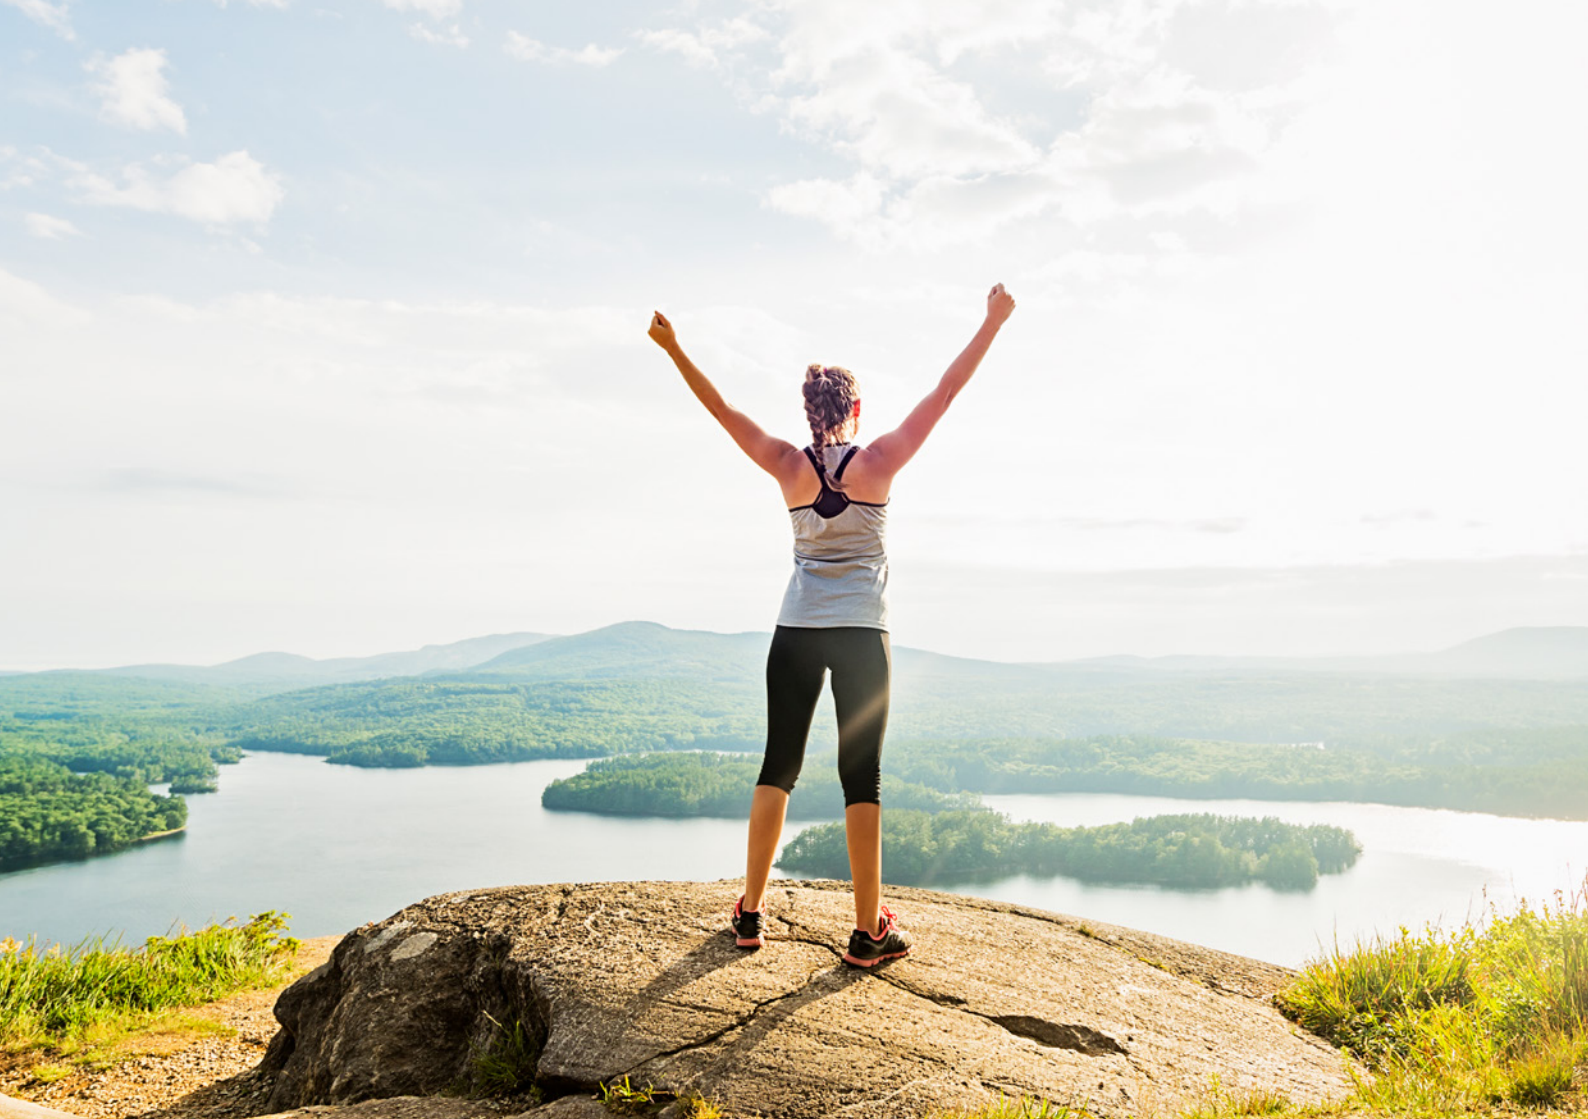

- Optometrists with at least one year of work experience.

Educational touch points

- Clinical record dissection
- Cataract operations
- Is there such thing as routine refraction?
- Advanced refractive techniques
- Communication in the test room
- Advanced slit lamp techniques
- Special contact lenses
- Dealing with optical challenging patients
- Pathology case studies
- Marketing analysis
- Advanced instrumentation workshop
- Pediatric Optometry
- Dry eye clinic
- Commercial business sessions
- Panel discussions
- Visit at an Alcon® production site
